

hang graphic system

The Hang Graphic System allows PVC, fabric or paper banners of any size to be professionally displayed.

Aluminium extrusions at the top and bottom of the banner are finished off with injection moulded end caps.

Banners of any width and length can be mounted with the Hang Graphic system - ask us about custom sizes.

hanging

The system is supplied with a PVC extrusion which is stapled to the banner and slides into the extrusions.

Where required, a ceiling mount kit can be supplied to give a professional finish to any installation.
