

## two-tone slimline frame - 37mm | single-sided

This frame has a modern upmarket look and the outside extrusion can be powder coated to selected colours.

Accurate 45° mitred corners are produced to exacting tolerances, ensuring a high quality finish.

The slimline snap frame is simple to open, making quick poster changes easy to achieve.

High quality stainless steel springs are used to ensure the long-term durability of the units.

Colour-coded frames can be used to identify your frames in the market or to reinforce a brand or logo colour.

Frames are supplied with a rigid backing sheet and a non-reflective clear front cover as standard.
